

Introducing the BABoK study group 2024!

At this year's first Session of Inspiration, we proudly launched the study group for BABoK and ECBA certification.

Three enthusiastic board members (Christel, Nidhin and Robert) will guide a motivated group of business analysts during about six sessions. The focus is on the theory from the Business Analysis Body of Knowledge (BABoK) and applying this knowledge to obtain (primarily) the IIBA ECBA certificate.

The official kick-off of the study group is on 29 February. Are you able to come to our corporate sponsor Valori in Utrecht? Then you can attend the kick-off in-person. If you cannot, you can also participate via Zoom.

Did you miss this Session of Inspiration or want to read up on what was discussed? Then view the slides with all the details surrounding the study group [here](#).

You can still register for the study group until Monday 26 February using this [form](#).

Stronger Together with Information Management 2.0

On Thursday evening 28 March, our corporate sponsor Pancompany in Den Bosch is facilitating the next Session of Inspiration; 'Together Stronger with Information management 2.0: Successful Organisations in the Digital Age'.

Meanwhile, the maximum number of participants has been reached, but registration is certainly still possible. If there is sufficient interest, we will organise a second session in a slightly more northern part of the Netherlands.

Register for this SoI by sending an email to: info@dutch.iiba.org attn: SoI #2
Please note, this session will be in Dutch!

#BABeyond24 - discount for IIBA NL members!

On Thursday 30 May, IIBA NL will co-host BA&Beyond '24 in Amsterdam. We are delighted to see a large number of IIBA members in the programme again, and we as a board will also be present ourselves. You will soon be able to find the programme at ba-beyond.eu.

IIBA members get €50 discount on the entrance fee, which is a very interesting offer during the Super Early Bird period!

Podcast - The Daily Business Analyst

Early this year, the working group made a first Podcast episode of The Daily Business Analyst, in which we as IIBA NL Board mainly looked back on the activities in 2023.

For everyone, it was the first experience of making a podcast, but partly thanks to Sogeti's professional studio, the result is impressive: the episode has already been downloaded 100 times! Haven't listened to it yet? Then still do so, for example via Spotify.

We will make the second episode in April. If you have any ideas or would like to participate sometime, let us know! Send an e-mail to info@dutch.iiba.org with ref: "Podcast".

Calendar

Besides the study group, you can expect more interesting sessions from us in the coming months:

- 28 March: Stronger together with IM 2.0 - location: Den Bosch / PanCompany
